# THE PARTY

Our parties begin with one hour in the gym for activities and free time facilitated by our instructors. Parties include the use of our TumbleTrak, Bounce House, Trampoline and gymnastics equipment.

Following gym time you will have 30 minutes in our party area where we will have tables and chairs set up for you and your guests. You are welcome to decorate this area to your liking or take advantage of one of our party packages and have us do it for you! We have a full-size fridge/freezer available for your use.

**NOTE: Due to insurance regulations adults may not be on the gymnastics equipment. All children and adults entering the building must have a waiver on file signed by their parent or legal guardian.**
